Cupcakes for the RSPCA

The RSPCA (The Royal Society for the Prevention of Cruelty to Animals) is the voice for the animals of Australia. They defend their dignity and fight to stop cruelty. They offer shelter, education, medical attention and love. They are animal protectors, carers and guardians. They bring comfort to the abandoned, surrendered and injured. They prosecute those who would harm them. And they fight for the humane treatment of all living things. Their job does not stop at animals. They believe behind every animal is a living being who is in need of guidance, encouragement and help.

Cupcake Day for the RSPCA was held on Monday 17th August 2015. As we commemorate this special day be enjoying a cupcake together, the Year 7 teachers would like you to think about the importance of the RSPCA, the fantastic work they do and the amazing animals that bring happiness to our lives.
